ISOtunes FREE

Cut the cords. Go FREE. These true wireless Bluetooth earbuds feature all-day battery life, high fidelity aptX audio, and a 22 NRR. ISOtunes FREE gives you the freedom you want and the protection you need.

Introducing Aware Technology™

ISOtunes products with Aware Technology are the first hearing protectors that allow working professionals to communicate with their colleagues and hear their environment while still being protected.

Aware Technology™ amplifies the sounds you want to hear, and blocks the sounds you don't.
