Our team had a great time representing 9 manufacturers at this year's **INDICA Sell-A-Rama Show** in sunny San Diego! We were lucky enough to be able to squeeze in a quick round of golf before kicking off a productive week of meetings!

We had so much fun sharing time with our Principals, customers and friends at this years **CCE Show** in Toronto. We have enjoyed seeing this show grow, including this year's record attendance (+20% !!). Thank you to everyone who contributed to it's success!
