UPCOMING EVENTS

April 1-2 CIPG Show
Sarnia, ON
Showcasing: PIP Canada, Plasticade, Energizer

May 4-8 Modern Sales Show
Showcasing: Armorgard-All, Energizer, PIP Canada Rust-Oleum

May 4-8 Construction Safety Week

PIP Canada hosted their 2026 NSM last month, our first since adding legacy safety brands like Miller, North and Fibremetal to our now expanded portfolio. PIP Canada is bringing so many exciting changes to the market this year – like deeper technical expertise, better support and broader solutions – and we cannot wait for you all to start experiencing them!

We are thrilled to share that **Abby Allair has joined Donwin Marketing as Territory Representative, Northern Ontario!** This marks the first time we have had a dedicated rep based in this territory, and we are incredibly excited about the growth and opportunities ahead!

WELCOME ✨ to the TEAM

Merci au **groupe MMI** d'avoir accueilli Donwin à votre événement pour la première fois !
Nous avons passé un bon moment à connecter avec de nouveaux visages et à présenter nos marques ABUS et ISOtunes.

MORSE

NEW

CHALLENGER EDGE LOCK COATED PREMIUM BIMETAL

Specialized for high-speed structural, uninterrupted + bundle cutting. Challenger Edge Lock's temperature-resistant coating maintains blade life for more than double the productivity of uncoated blades.
