

THIS MONTH'S REPORT

Last month, the **SPECTRA** team visited Toronto to spend several days training our team on their precision lasers!

With a broad range of specialized solutions designed for interior trades, general construction, concrete, earthmoving, septic, civil and more, our team is ready to help you discover the SPECTRA difference. Reach out today to learn more!

We attended the **Modern Sales Tradeshow** last month and the Bahamas was a fantastic backdrop for what was another outstanding event & great reconnections. We are already looking forward to bringing that same energy to Whistler next year!

modern
sales co-op

This was our first time attending the AD meetings out west in Vancouver, and we were thrilled to see **Energizer** recognized for all of their hard-work, receiving the Warehouse Supplier of the Year award!

AD
Together, we win.
